PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in the MERN stack, Next.js, Vue.js, TypeScript and AWS. Skilled in unit and integration testing with Jest and React Testing Library, CI/CD pipelines, and containerized deployments with Docker. Nearly completed Higher Technician degree in Full Stack Software Development. Background in IT Support provided a solid foundation in infrastructure, networking, process automation and technical troubleshooting. Proactive, collaborative and adaptable, with advanced English proficiency (C1). Seeking a Junior Developer or Trainee role to apply my skills and keep growing within a dynamic team.

WORK EXPERIENCE

IT Support Technician, Instituto Santa Catalina May 2023 – Dec 2025

- Provided technical support to 80+ staff members, resolving hardware, software and network incidents with an average response time under 2 hours.
